VICKSBURG Family Development SERVICE

Healthy Beginnings

- First time parents receive hands on tips from a Certified Childbirth Educator about prenatal nutrition and labor and delivery concerns.
- New parents receive one-on-one support to nurture healthy development and gain the skills to help build a steady foundation
- Child Care is provided during all parent sessions.

Our Goal: Children are born healthy and have the social, emotional and developmental support needed to thrive in the foundational years and arrive ready for school success.

Thriving Adults and Families

- Parents and caregivers gain the tools and understanding they need to provide the most effective early learning and developmental support for their children.
- Provides parents and caregivers new skills to see their children thrive in everyday life.

Our Goal: Educate and support parents to raise their children in emotionally healthy ways so that their children can thrive personally, socially and academically.

Prepared Youth

- Children and youth, ages 10-17, access expanded learning opportunities to gain the social and emotional competencies that contribute to academic achievement.
- Youth in this program learn how to make positive life choices, the ability to compromise and adapt to changing situations, and gain important life skills.

Our Goal: School-age children and young people gain life skills and developmental milestones that ultimately lead to success in college/workforce training, career and life.
